

**LAYON MUNICIPAL SANITARY LANDFILL
ACCESS ROAD AND SEWER SYSTEM
PROJECT NO. SWMD-09-03**

GENERAL SCOPE OF WORK

1.0 INTENT:

It is the intent of Gershman, Brickner & Bratton, Inc. in its capacity as Receiver for the Solid Waste Management Division of the Department of Public Works to seek bids for the construction of the **Access Road and Sewer System** at Layon, Inarajan, Guam.

2.0 DESCRIPTION OF WORK:

The Project consists of roadway construction from Route 4 to the New Layon Landfill Site including approximately 2.0 miles of new roadway, 1.3 miles of reconstructed secondary roadway and 0.11 mile of reconstructed roadway at the Route 4 intersection. The work includes, but is not limited to, the removal of existing roadbed and subgrade, removal of concrete power poles and overhead electrical wires, clearing and grubbing, mass grading (cut and fill), utility relocation and extensions, construction of two-lane asphalt concrete roadway with shoulders, drainage facilities, guardrails, street lighting, signing and striping, construction of new waterlines, sewerlines and pump stations, and underground electrical system, and other related work as necessary to make the Project complete and ready for use

3.0 GENERAL REQUIREMENTS:

All items in this scope of work shall be completed and ready for use upon final acceptance and shall comply with all the provisions governing laws and regulations applicable to Guam. The Contractor shall be responsible in determining and performing the scope of work required based on the Contract plans and specifications.

4.0 SITE INVESTIGATION:

The Contractor shall verify existing Project site conditions and all pertinent information needed for the satisfactory performance of the scope of work prior to submitting a bid.

5.0 DISPOSAL:

1. Removal and disposal fees shall be paid by the Contractor.
2. The disposal site shall be a Guam EPA approved hardfill.
