RE: Acceptance of Water and Wastewater Utilities  
Ordot Dump Dero Road Utility System

Dear Mr. Lund:

Please be advised that the wastewater lines for the referenced project have been accepted by Guam Waterworks Authority, as noted below:

- (1) 22 manholes from SMH 0 at Station 0+00 (near the Ordot Dump) to SMH 20 at Station 32+65, inclusive of SMH 11A, with associated 8-inch diameter gravity sewer pipes
- (2) 1 - sewer lift station at Station 33+07
- (3) 1 - 6" diameter forcemain from Station 0+45.25 to Station 2+55.59
- (4) 1 - manhole at Station 2+55.59
- (5) 1 - 12" diameter gravity sewer pipe from Station ~2+55.59 to Station 2+79.59 (existing manhole)

The Ordot Dump leachate meter display is located on the site's fence. Power is provided by the private property owner.

Sincerely,

Miguel Bordallo, P.E.  
General Manager
